We feel the School reaches all of
Bradley needs. Thank you ☺

We are absolutely amazed by Malachi's Progress since has been at this school

No issues with anything I have seen big improvements in RK since being at this school.

My child is very happy in school, he seems to have settled well into the new school year. I know if any problems arise i can get in touch with relevant staff easily.

feedback from Parents/Carers

I am pleased with the communication from school & love the MarvellousMe app. but am not always sure who to speak to regarding certain issues.

It was nice meeting the form teacher today too - we chatted about communication between myself & school so I feel happier about it.

Very happy with this school as always.
