

I am pleased with everything  
School are doing for my  
Son,

Thank you for all your support

Brandon has improved massively this  
year.  
He needs to continue to work on  
regulating his emotions. SH.

We're happy with the care  
my child receives.

My Son continues to make good progress within  
school. However I do feel like there is room for  
some improvement.

Elmwood has really helped Lily excel at her work, we are really going to miss the school when she moves on.

9. I'm not aware of the overall behaviour of the school.  
9. Daniel has told me some of the older years call him and his friends names.

Thank you. Bradley loves attending your school.
