This is such a great opportunity for the pupils + the event was well organised although may have benefitted from more employers attending. Using the Likes of 'LinkedIn' may have helped to heighten the profile.

Students were enthusiastic + engaging and a real credit to the school.

Thanks for the invite

We had a great day. Very well organised and the students were funny and engaging.

It would be good to get more businesses involved so that young people are given a greater amount of exposure to the variety of careers and opportunities available.
