

# Cleaning Services

## Cleaning Services

- General cleaning services carried out weekly or fortnightly dependant on the client's requirements.
- Carpet cleaning services offered and steaming of all flooring where applicable.
- Assistance with decluttering bedrooms and living areas to ensure safety around the home.

## Hospital Discharge Cleaning Services

- We are able to offer a 24 hour turn around on most hospital discharge deep cleans.
- These can be needed to declutter and rearrange someone's home to make adequate space for hospital beds/profiling beds.
- We carry out a home site visit and liaise with the hospital discharge team to identify what the client's needs will be at home and how we can better support them by arranging their living space.
- Consent forms and inventories are provided, and any items being removed are added on the inventory and a picture inventory is formed and handed to the client.
- Currently we are working with a team of contractors who are also able to offer quotations for carpet and flooring if it need be replaced.

## Deep Cleaning Services

- Hoarding Support is offered to clients after a consultation and home visit.
- We work with the individual to identify items or areas that need to be tackled to promote a safe and healthy living space.
- We also are able to offer a one to one support call so the client is able to be away from the home whilst the works are carried out as we understanding parting with belongings can be a challenge.

## Bespoke Services

- A & A Services West Midlands also offers furniture removal and are able to assist with sourcing non-hospital beds and equipment for mobility use.
- We aim to work in a multi-disciplinary manner to achieve the best person-centred outcome for our clients.
- We also are able to help relocate furniture within the home to assist the client.
