

Cygnnet Parenting

Cygnnet parenting is a specialist programme, designed for parents/carers of children and young people with a diagnosis of Autistic Spectrum Disorder (ASD).

The Barnados- Cygnnet Autism programme is a **7 week** course for parents of children aged **5-16 years** with Autism. Parents of children with Autism face all the usual positive and difficult challenges of parenting, and quite a few more with the autistic population being a vulnerable group. Cygnnet combines practical strategies and support for parents specifically around Autism. The sessions are run by staff from the school nursing service that have been trained to run these groups.

Cygnnet parenting aims to empower parents/carers and to increase their understanding of the strengths and difficulties associated with ASD.

Sessions include:

- Autism and diagnosis
- Communication
- Sensory issues
- Understanding and managing behaviour

Dates of the next courses are:

Group 1 (VIRTUAL Group)

Tuesday 7th June 2022 at 10am-12.30pm

(For 7 weeks – no session during half term holiday)

This group will be delivered virtually via Microsoft Teams (Instructions and a link will be sent to parents/carers once you book a place)

Group 2 (VIRTUAL Group)
